

The Hot Visitors

-Everybody calls them Scorched People.
Their planet so close to their sun
that they burned...

-and just wizened up. Shrunk. Except
the one part.

-Oh?

-Mikey's slutty friend claims they got dicks
the size of Pittsburgh.

-I...can't gossip any more. Wasted my life
on nothing--and that was just about Earthlings.
Christ! We're worse than the women on both planets.

-Not as wordy. Besides, it's fuckin Science!
